# The Story of The Old Tree

De Carlo Tree Masters

Color the flowers.

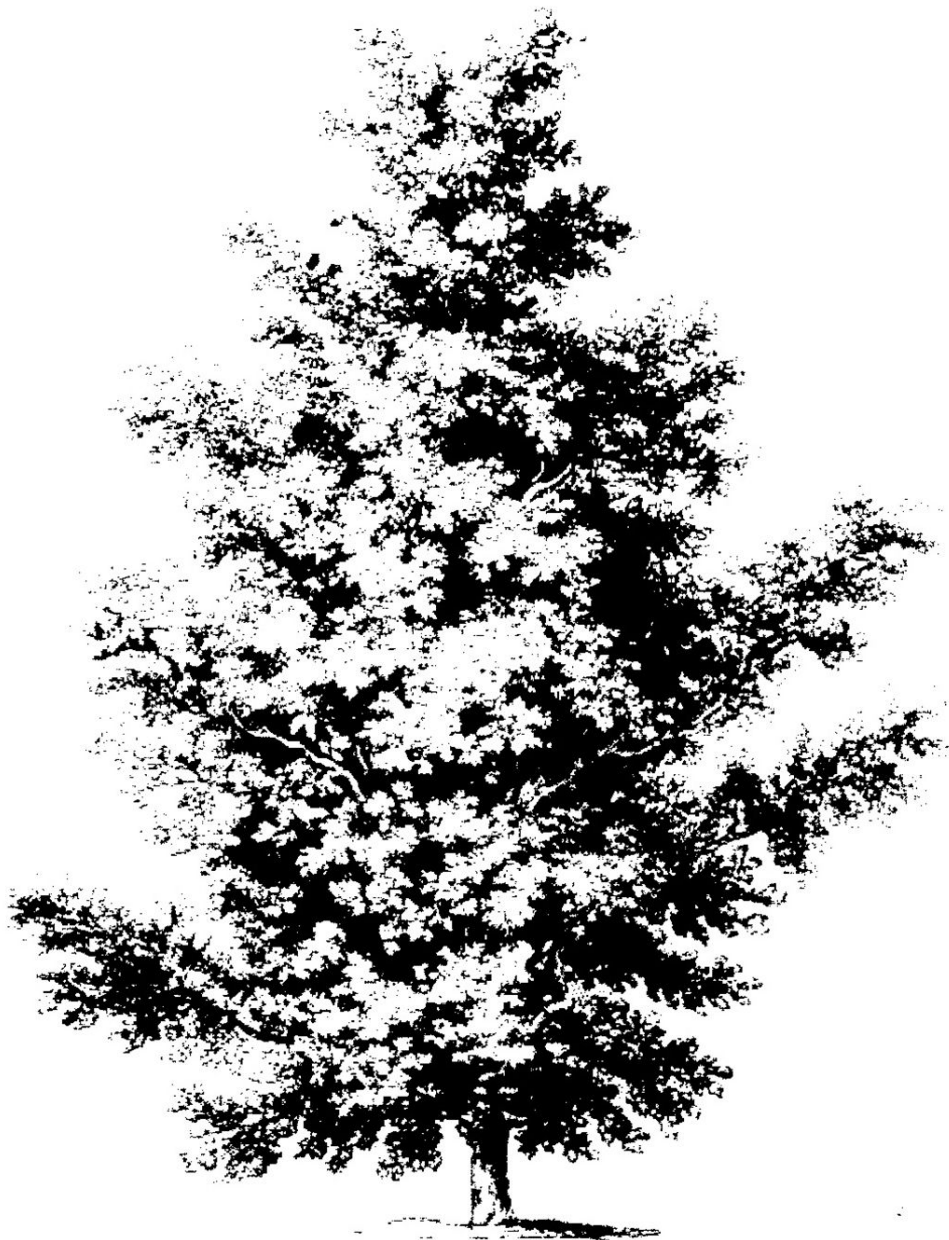

- |           |           |         |
|-----------|-----------|---------|
| 1. green  | 2. yellow | 3. pink |
| 4. purple | 5. orange | 6. red  |

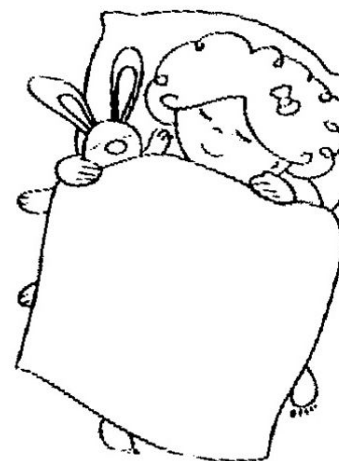

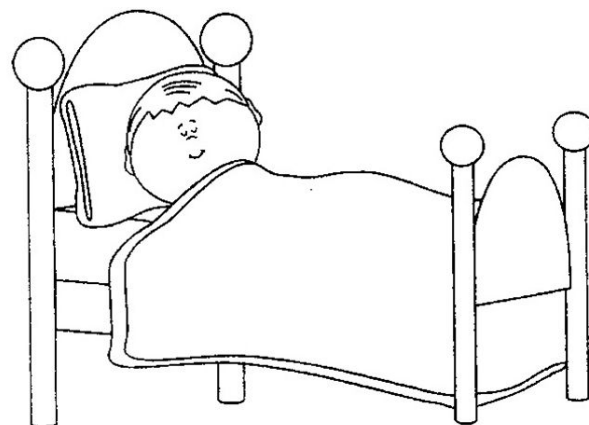

now go, enjoy your tree!

Color the leaves on the tree

One night while everyone was sleeping,

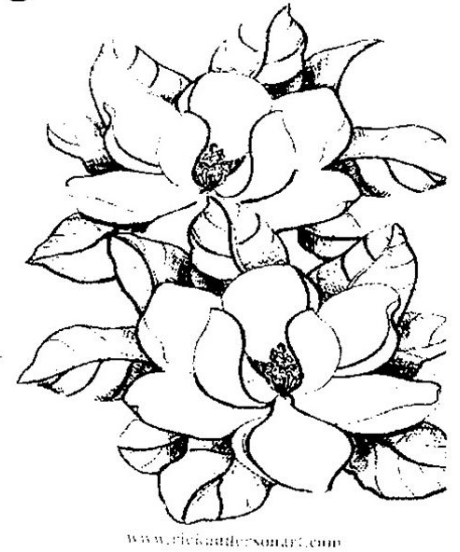

even the dog.

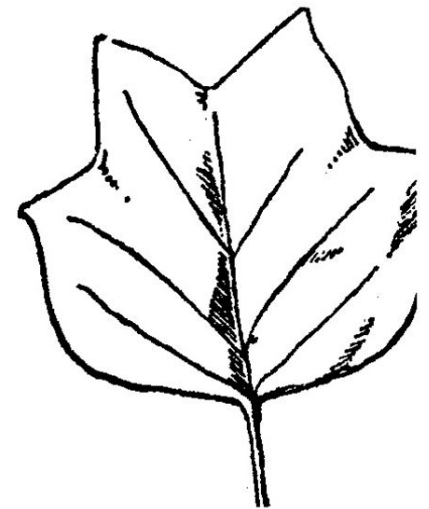

## Dogwood & Magnolia Flowers

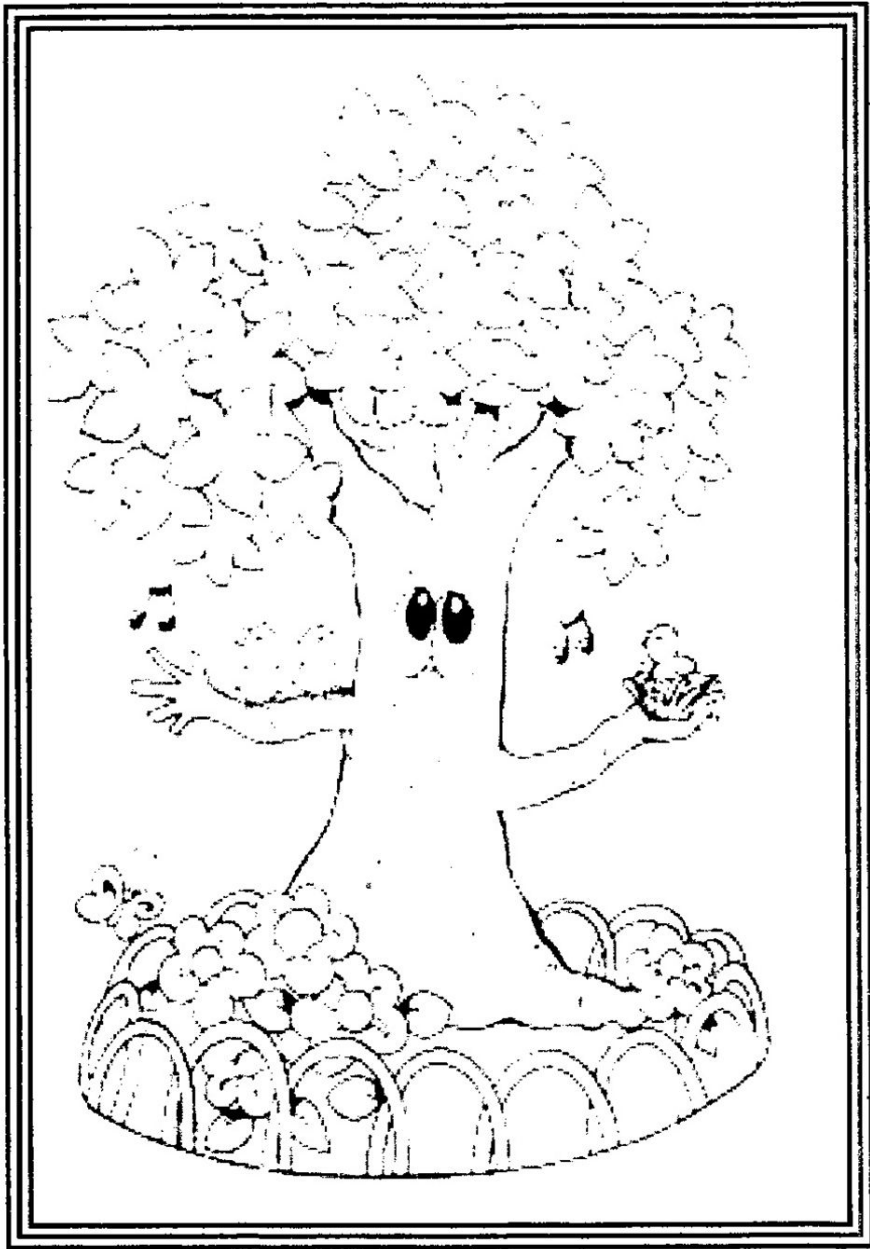

When the wind and rain  
start blowing...

**Be Safe!**

Keep away from the  
windows and stay in the  
middle of your house.

Tulip Flower  
and Leaf

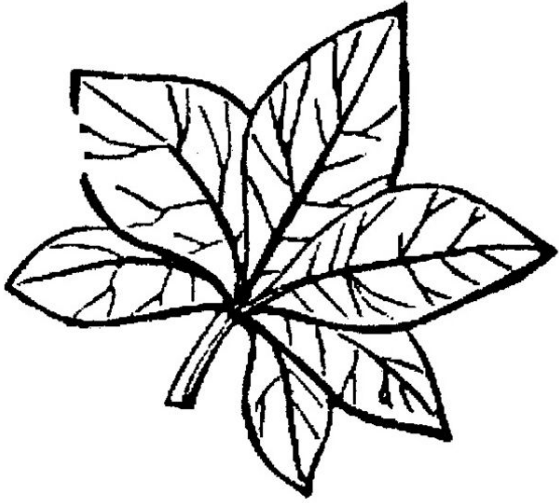

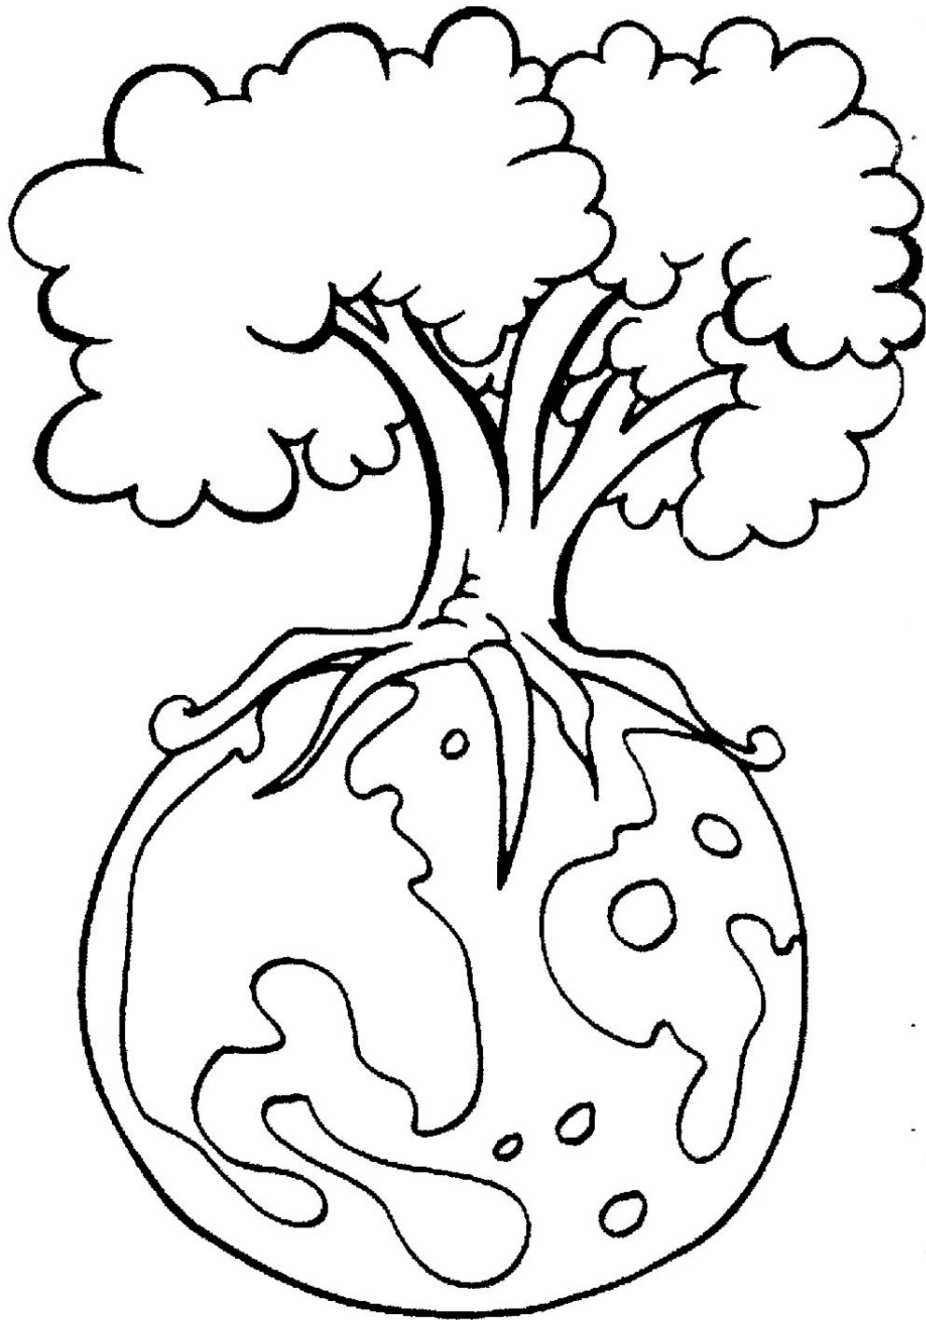

They woke up  
to wind, rain  
and lightning,

it was a thunderstorm!

A  
big  
loud  
cracking  
sound!

The next day they looked  
out the window.

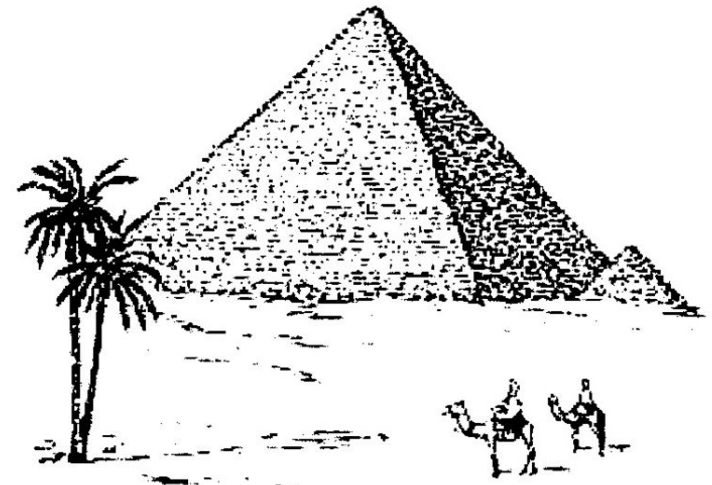

There it was  
a big tree limb broke off  
their beloved tree.

Some redwood trees are  
as old as the pyramids.

The Tree Man said,  
"trees are just like us,  
they need clean air,  
water and  
food."

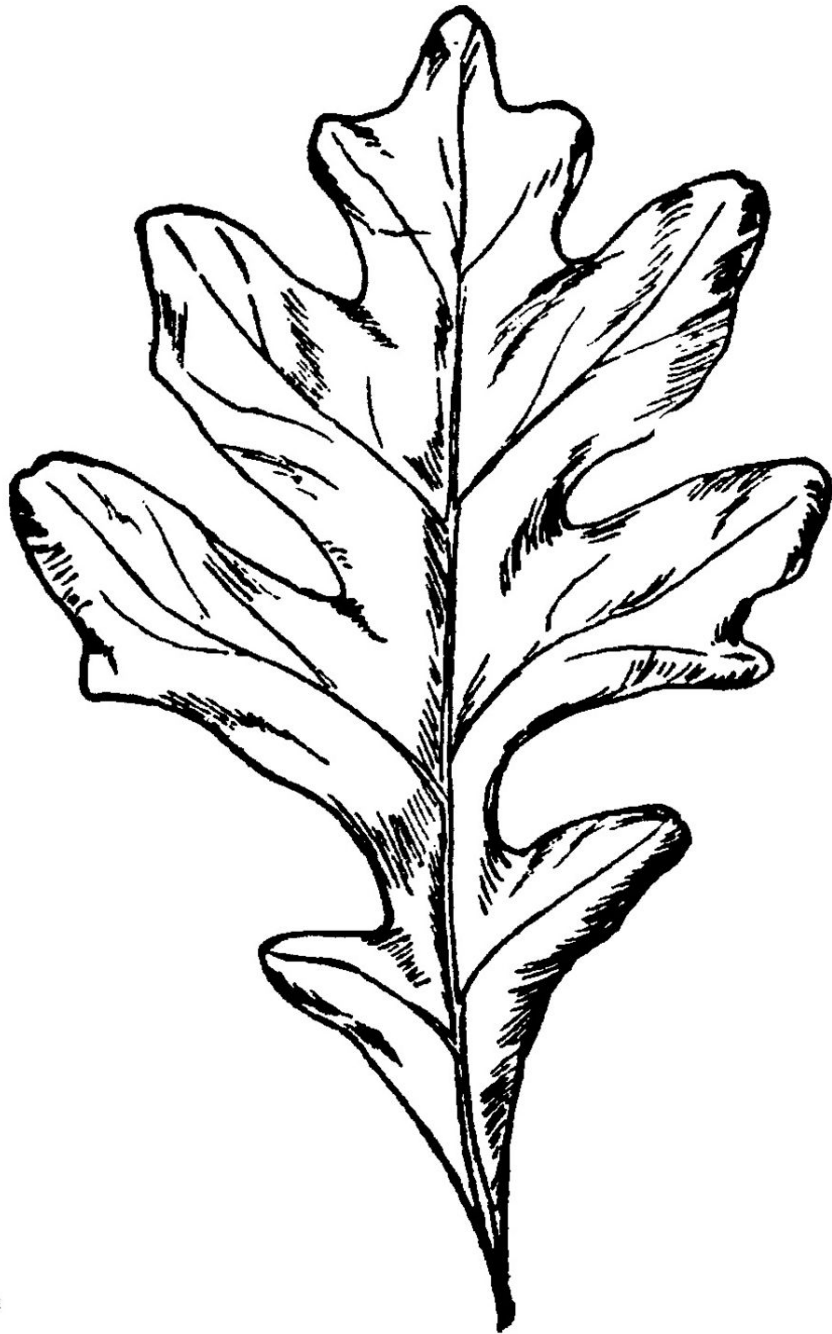

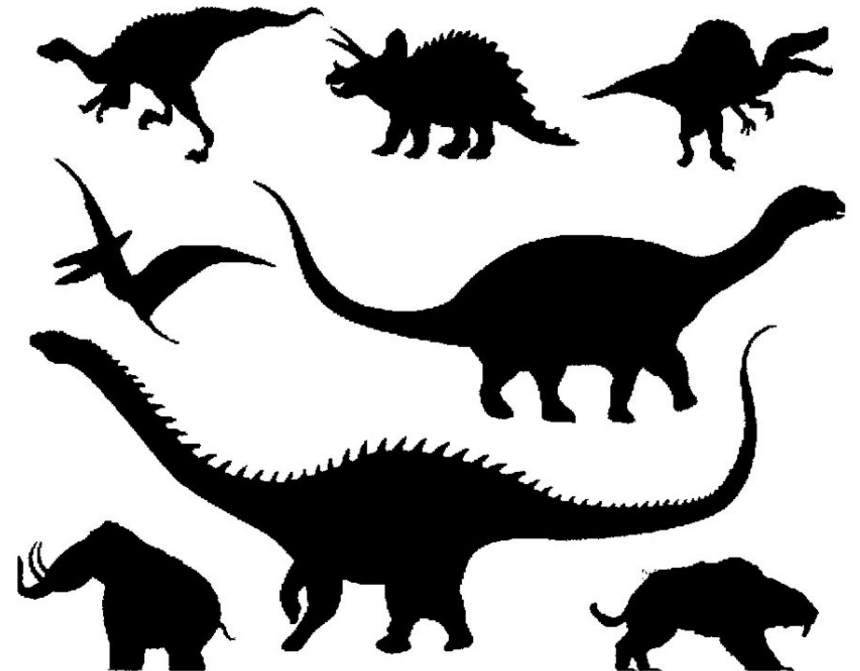

Dad said, "I can fix it."  
Mom said,  
"NO! Call the Tree Man!!"

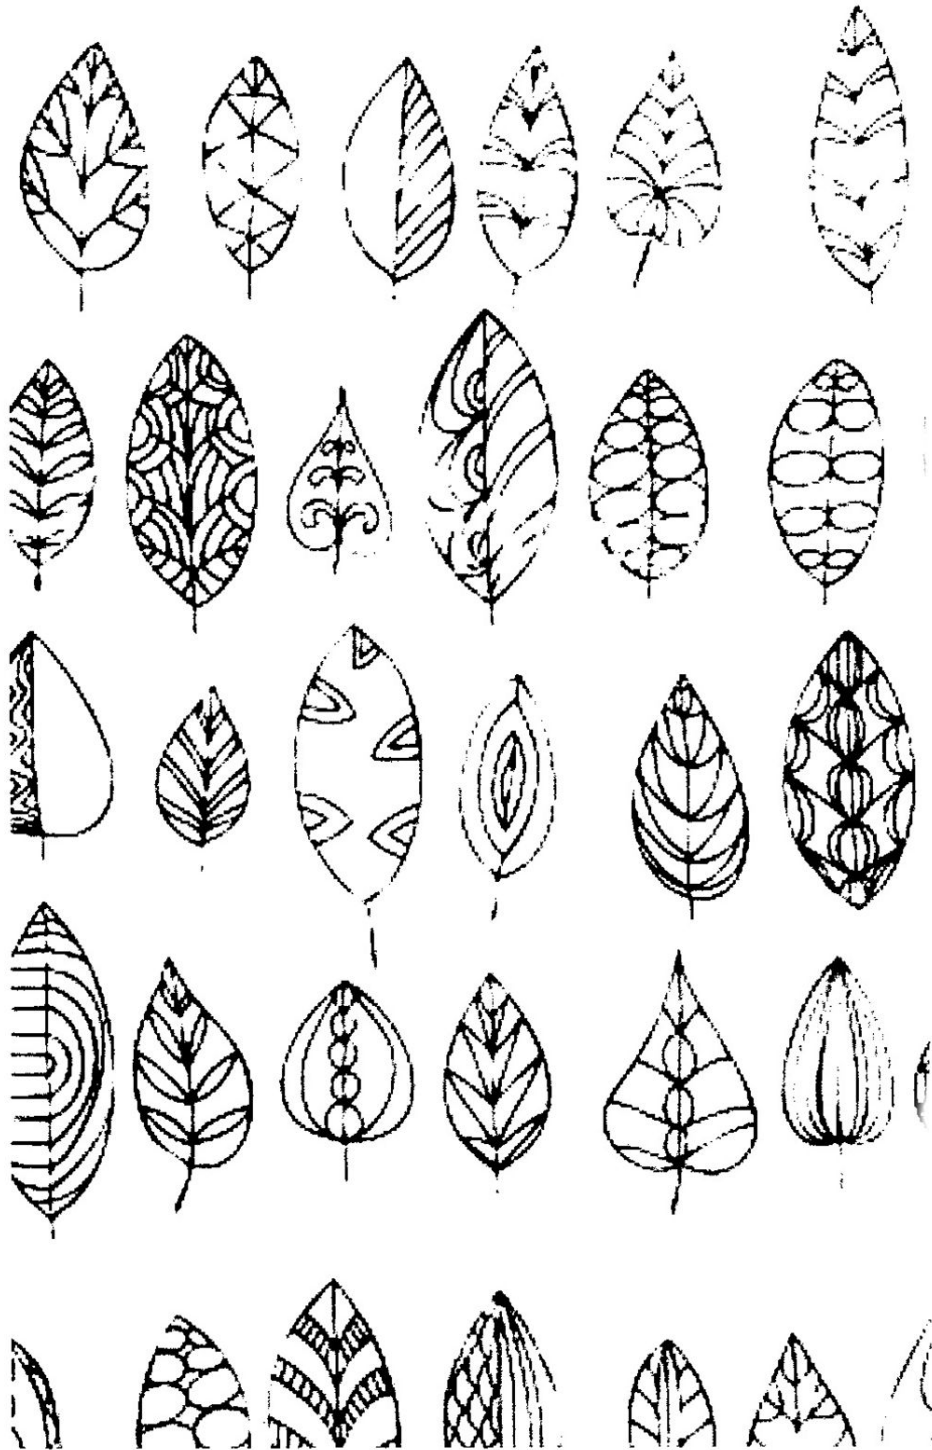

The Tree Man looked at the  
big tree. He walked all around  
the tree, he looked up and  
down at all the branches.

The Tree Man told the children that trees have been here for millions of years. Dinosaurs ate the leaves of the redwood trees 250 million years ago!!

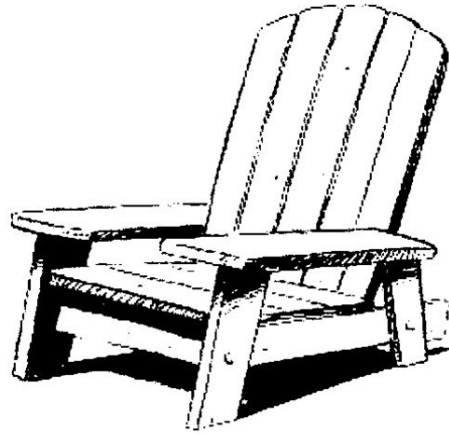

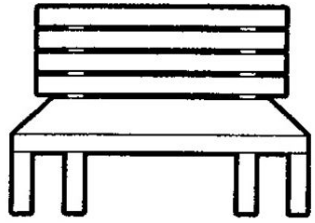

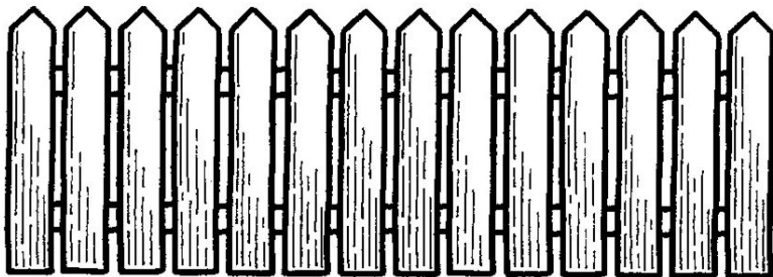

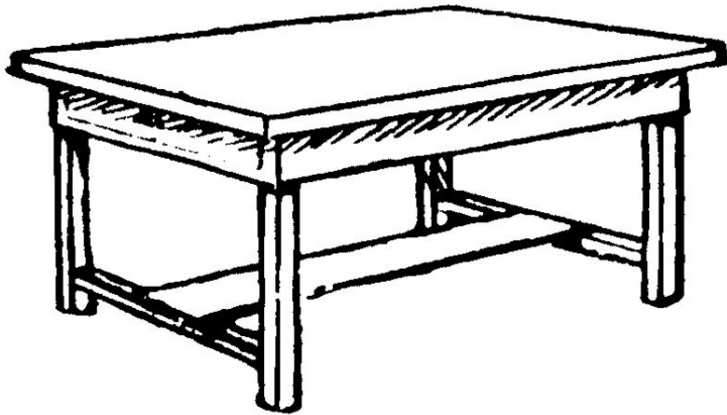

The children asked,  
"is the tree hurt?"

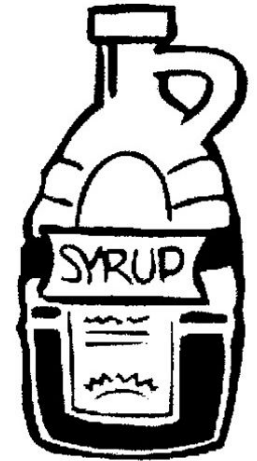

"No, no, no,"  
said the Tree Man,  
"the old tree is fine,  
it was just a weak limb."

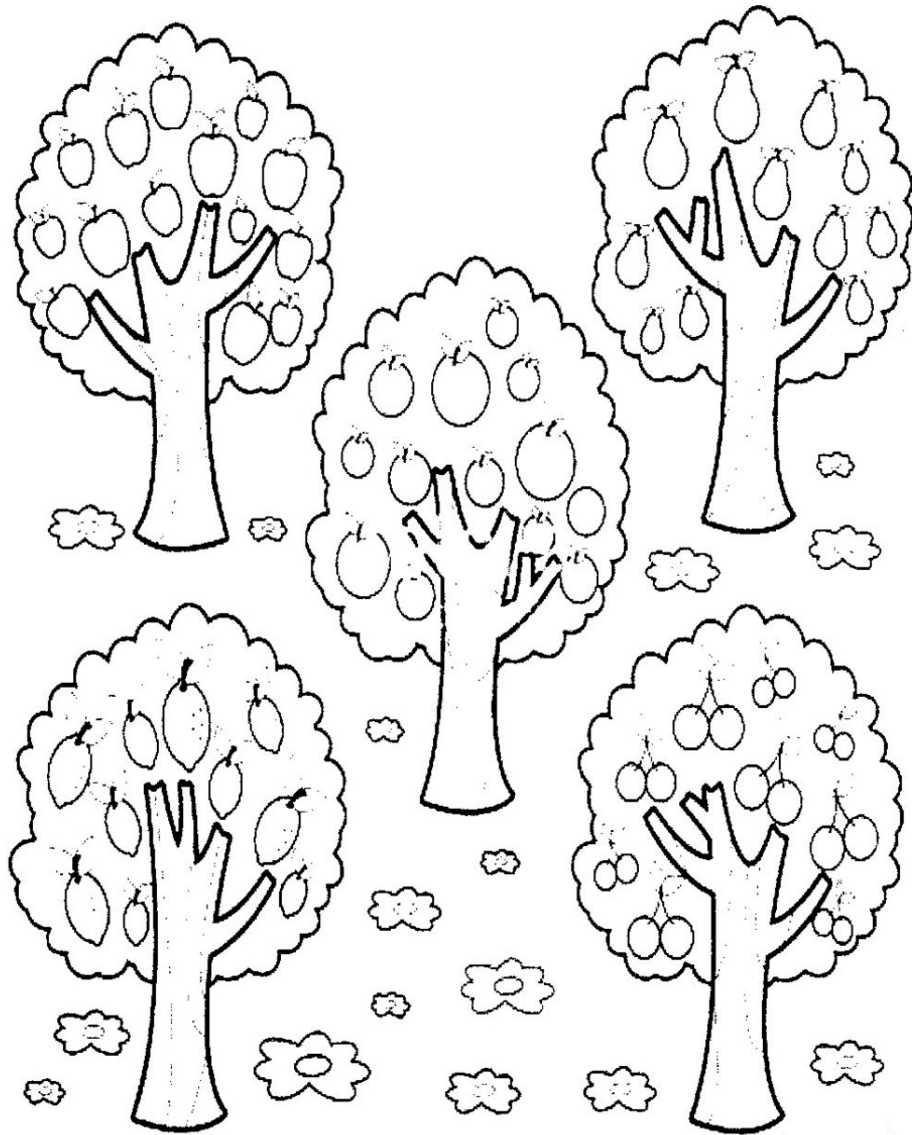

Lumber and  
paper also comes  
from trees.

Trees make food for us  
to eat: apples, pears,  
oranges, lemons,  
cherries, nuts and even  
maple syrup."

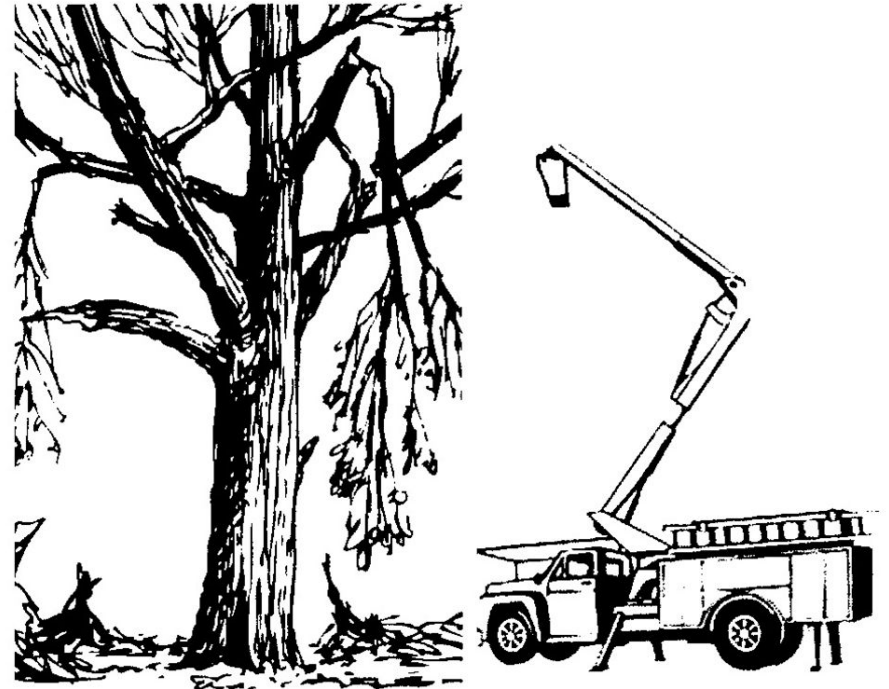

The Tree Man showed the  
children some leaves he  
had, maple, oak, gum  
and tulip.

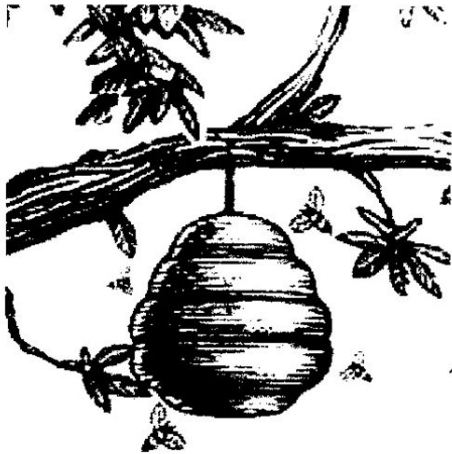

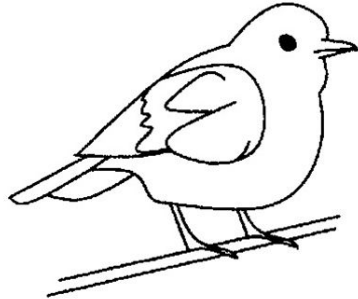

Color the different  
fruit trees

The next day the Tree  
Man and his trucks came  
to fix the tree.

The children watched as  
the men cut the tree limb  
and trimmed the branches.

Many animals live in trees.

They asked the Tree Man, "Why do we need trees?" The Tree Man said, "We need trees, they shade us from the hot sun, they help clean the air that we breathe and they even help save water that we drink."

**Take Care of the Earth**
