REHS: Elizabeth Czekanski and Linda Quinn have been available for questions during the pandemic. **Linda Quinn** provided report and answered questions re: County/local activities relative to COVID19 Pandemic. They are taking direction from the Governor as to when things will open. For safety they have about 20 inspectors working on virtual vs. physical inspections of facilities that are open and working with owners to ensure proper PPE is provided to employees. They are also beginning to reach out to seasonal contacts in advance of potential camp/pool re-openings. Opening is currently prohibited due to COVID-19 Pandemic guidelines. They are not yet sure what the Governors determination will be and all will be delayed. It's a wait and see.

Discussion followed. To date 22 cases of COVID-19 have been reported in Alpine. They have 3 supervisors following up with COVID patients and collecting information for NJSDOH. The Governors Executive Orders are enforced by the police where necessary. OEM is also involved. The Bergen County website provides useful information. Everyone has been very cooperative.
